SFJ Awards Training Centre

"WFST demonstrates effective assessment and internal quality assurance with robust policies, strong assessor expertise and comprehensive learner support. The centre maintains secure evidence management and positive learner feedback while continuously improving its processes."

Feedback - SFJ Awards annual audit of WFST

- The centre has addressed most previous actions, with low risk rating and retention of Direct Claims Status (DCS) for key qualifications.
- Assessors provide detailed, constructive feedback and the IQA process is proactive, including timely sampling and learner interviews.
- Some actions remain, including the need for formalised standardisation activities and observation of assessments at the next monitoring event.

WFST FIRE SAFETY TRAINING SERVICES

WFST provide SFJ Awards Training Centre regulated fire safety training and assessment for local authority fire and rescue services and commercial partners. We have direct claim status for all L3 and L4 fire safety-related qualifications.

WFST and SFJ Awards have an exceptional in depth and robust qualification system and standards. WFST offers a cost-effective alternative to maintaining an in-house training design team. Our expert consultants conduct thorough training needs analyses and develop customised programs that address your specific requirements.

By choosing WFST, you eliminate the need for unnecessary equipment and resources, allowing you to focus on your core business while ensuring top-tier fire safety training. Invest in WFST's cost-effective solutions and benefit from high-quality, tailored training programs without the overhead costs.

LEVEL 3 AWARD IN FIRE SAFETY MANAGEMENT

Qualification Number: 603/2441/7

Total Qualification Time: 24 hours

Guided Learning: 16 hours

What are the objectives for the Level 3 Award in Fire Safety Management Qualification?

The objective of the SFJ Awards Level 3 Award in Fire Safety Management is to provide the knowledge, understanding and skills required by:

Individuals who have responsibility for fire risk management in simple and complex commercial premises

Fire marshals/stewards at sports/recreational venues who have responsibility for ensuring availability of predetermined fire safety resources

To achieve this qualification, learners must achieve two mandatory units:

- Understand the principles of fire safety
- Fire safety management

What are the pre-entry requirements for the Level 3 Award in Fire Safety Management?

There are no pre-entry requirements for enrolling on this qualification.

LEVEL 3 CERTIFICATE IN FIRE SAFETY (FIRE AUDITORS)

Qualification Number: 600/8395/5

Total Qualification Time: 260 hours

Guided Learning: 136 hours

UCAS Points: 16

The Level 3 Certificate in Fire Safety (Fire Auditors) qualification is aimed at those who are new to working in a fire safety role and wish to build their knowledge and gain recognition of their competence. This qualification can be completed by both operational and non-operational staff working in a relevant role.

What are the pre-entry requirements for the Level 3 Certificate in Fire Safety (Fire Auditors)?

There are no pre-entry requirements for enrolling to complete this qualification.

LEVEL 4 CERTIFICATE IN FIRE SAFETY (FIRE AUDITORS)

Qualification Number: 600/8396/7

The Level 4 Certificate in Fire Safety (Fire Auditors) is aimed at experienced fire safety officers who are looking to develop their knowledge and skills for more complex premises and environments, with specific reference to fire auditors.

What are the pre-entry requirements for the Level 4 Certificate in Fire Safety (Fire Auditors)?

There are no pre-entry requirements for enrolling to complete this qualification, but the learner is likely to have experience of fire safety in an auditing role.

SFJ AWARDS LEVEL 4 DIPLOMA IN FIRE SAFETY (FIRE INSPECTORS)

Qualification Number: 600/8407/8

Total Qualification Time: 370 hours

Guided Learning: 179 hours

Objective

This qualification is aimed at experienced fire safety officers working in complex environments and situations. It covers reviewing fire protection systems and fire safety matters and assessing risks associated with fire.

What are the pre-entry requirements for the Level 4 Diploma in Fire Safety (Fire Inspectors)?

There are no pre-entry requirements for enrolling to complete this qualification, but the learner is likely to have significant experience in fire safety.

Those learners who have completed the Level 4 Certificate in Fire Safety (Fire Auditors) will not have to repeat units that they have previously achieved.

Online Digital Training
Academy.

ONLINE DIGITAL TRAINING ACADEMY

Now available WFST online fire safety courses, e-learning training that employees actually enjoy!

Online high quality fire safety training at low cost via the internet. Our training programs are designed to ensure our clients meet fire training requirements with minimal disruption to their working day. Our online fire safety training programs are designed to solve the problems businesses face meeting fire safety requirements; the cost, getting everyone in one place and the hassle it can cause. Our online fire safety training allows the training to be completed when time permits and removes the need to take people away from productive tasks meaning your business continues to operate effectively.

The training includes a management system to keep track of who has completed the course. It stores all their certificates and keeps a running history of when each person was trained and when they are next due to be trained again.

ONLINE DIGITAL TRAINING ACADEMY

After completing each section of the course selected a few multiple choice questions need to be answered correctly before progress to the next section is possible. The average time it takes to complete a course is 1 hour. As this course is online it benefits from constant updates to ensure the content remains accurate to any changing legislation. This system allows you to keep track of all the training. You can see in an instant who has started, how far they are through the course and who has completed it. The system keeps track of when each person completes the training and stores a digital certificate of completion for your records.

Our one-on-one tutor led e-learning courses are packed with all the information your employees need to keep your business safe, compliant, meet all statutory training requirements, and are easy to administer using our online control panel.

THE COURSES WE CAN PROVIDE ARE :-

Our digital training offers a wide range of accredited vocational workplace training covering most sectors, including the likes of hospitality, construction and healthcare.

The following are examples of specific fire courses.

- ✓ **Basic Fire Awareness**
- ✓ **Basic Fire Awareness (care home)**
- ✓ **Fire Marshal**
- ✓ **Fire Marshal (care home)**
- ✓ **Fire Extinguisher Operations**
- ✓ **Fire Door**

All of our online fire safety courses are endorsed by the Institution of Fire Engineers (IFE) and ROSPA so you can be certain of their compliance with the regulatory reform order (fire safety) 2005 article 21 which states that ALL employees must receive documented fire safety training at regular intervals. Our courses are extremely cost effective on a per person basis, with discounts on bulk orders – can you afford not to?
